Professional Summary

Results-driven Machine Learning Engineer with 5+ years of experience designing and deploying scalable AI systems, Python APIs, and LLM applications.

Technical Skills

- **Languages:** Python, SQL, C++
- **ML/AI:** PyTorch, TensorFlow, LangChain, LangGraph, Scikit-Learn
- **Infrastructure:** Docker, Kubernetes, AWS, MongoDB

Professional Experience

Senior ML Engineer | AI Tech Solutions | 2022 - Present

- Architected and deployed production RAG pipelines using Python and LangChain.
- Optimized model inference latency by 40% using TensorRT and ONNX Runtime.

Education

M.S. in Computer Science | Stanford University
